

## Why use boxes?

To keep the material clean and separate. We sort the recycle that you put out at the kerbside into our trucks. We keep each material separate so we can recycle 100% of what you put out and send none to landfill.

## Did you know?

- For every tonne of paper you recycle, you save 17 trees from being cut down. This means that every year the residents of Newport save 80,000 trees!

- That plastic bottles can be made into clothing?
- Your recycled can, is made into car parts
- That your food waste is turned into compost?

## Need a box or caddy?

If you need a new blue or green recycling box, a lid or a food waste caddy then please contact us (details below) and we will get one to you.

## Need a hand?

If you are disabled, please let us know so we can provide assistance on your collection day.

## What is my collection day?

Wastesavers usually collect weekly on the same day as your refuse. If you are in doubt contact us for more details.

## I've got too much!

Call us to get a third recycling box. In the mean time you can place additional materials separated into carrier bags alongside your boxes. E.g. plastic in one bag, cans in a separate bag (and so on).
